## We're off

### On the 2006 Cheltenham Circular Challenge

Starting at the racecourse at 7am on Sunday 18<sup>th</sup> June 2006 (Fathers Day) my wife and I are off again on the 26 mile marathon walk to raise funds for our charity – *looking after 3,000 blind people in Gloucestershire.*

Last year, in unbelievably high temperatures we completed the course in a little over ten hours staggering to this photo finish at the racecourse at 5.06pm. We raised nearly £900 and this year we would like to raise even more – already we have sponsorship pledged from our membership and would ask you to join them – every little helps and will encourage us during this arduous trek.
